PROJECTS

Creating my own Website

- Utilized HTML, CSS, and Bootstrap to make an organized and clear resume-website for myself.

Website Template for Activist's Resources and Education

- Inspired by BLM movement
- Developed an easy to use website template that organizes resources for people who want to become educated or involved in any type of cause or organization into a website.
- Made with ReactJS and can be used by anyone, no coding experience necessary to make a website from the template.
